

The Spring 2009 issue of Sheep Canada offered a free email address to subscribers who renew their subscriptions for five years at the low low price of only \$70 plus GST/HST.

Want to know more about how this email address would work?

You renew your subscription for five years, and we'll give you a new email address that you can send to all your family and friends. Your new email address can be any 12 letters or numbers you want, combined with @sheepcanada.com – for example, yourname@sheepcanada.com or yourfarmname@sheepcanada.com.

You also give us your existing email address – the one you already have with your phone company or whoever you get your internet from.

When email comes into the sheepcanada.com server to your new @sheepcanada.com address, it is instantly forwarded to your existing email address, which is already set up at your home.

So, if you still have to pay for internet and keep your existing email, why bother to make the switch? You'll now be able to change the company you get your internet from as often as you like without having to contact everybody and tell them your new email address, because they're all using your @sheepcanada.com email address. All you have to do is make one call to us and tell us the new email address to forward your @sheepcanada.com email to.

The offer is good for as long as you are a subscriber to Sheep Canada. If you sell your sheep and don't want to receive the magazine any longer, but really want to keep the address, we'll work something out.

If you'd like to take advantage of this offer, fill out the form below and send it in with your payment, or call us at 1-888-241-5124 or email gallivan@sheepcanada.com.
